

Collaborating with Microsoft Teams for the Desktop

Length: 1 Day

Summary: This course is an introduction to Microsoft® Office 365™ with Teams™ in a cloud-based environment. Using the Office 365 suite of productivity apps, users can easily communicate and collaborate together through Microsoft® Teams™ messaging and meeting functionality.

Audience: This course is intended for business users and knowledge workers in a variety of roles and fields who have competence in a desktop-based installation of the Microsoft Office 2010, 2013, or 2016 edition of the Microsoft Office productivity suite, and who are now extending Microsoft Office to a collaborative cloud-based Office 365 environment.
